Mission: Each student is highly educated, prepared for leadership and service, and empowered for success as a citizen in a global community

SAVE THE DATE!

Dear LEDE Vendors:

Friday, October 21, 10:00 a.m. at East High School, 1500 East Broad Street, Columbus City Schools will host a “Meet The District”

This is a very important meeting with members of the Board of Education, the Superintendent and key Decision makers regarding Contracting and Procurement Opportunities.

As you are aware, the district has a 20% LEDE participation Goal and your participation in our contracting and procurement activities is essential in helping the district reach its goal.

Each Department Head will discuss their areas of responsibility and how to best position your company for receiving contracts with their department.

All Departments will be in attendance for this exciting event and you will have an opportunity to learn how to successfully market your Company to the district.

This meeting is for ALL LEDE Vendors regardless if you are in Construction, Goods & Services or interested in marketing your offerings directly to the Schools (School Based Business).

This is a learning opportunity for both the District as well as the Vendors.

We look forward to seeing your business on Friday, October 21st 10:00 a.m. at Columbus East High School.

Respectfully,

Terri L. Wise, Outreach Coordinator
