

## **RFQ to Provide General Engineering Services**

### ***Do Business With Us***

SWACO is seeking qualified suppliers that can provide general engineering services throughout 2023-2026. Project Services include providing all necessary equipment, labor, office support, and overhead activities to provide SWACO with various general engineering services such as civil, electrical, mechanical, structural, regulatory reporting, and other site-specific environmental related items as needed at SWACO's facilities.

All Statements of Qualifications must be uploaded to the link provided in the RFQ Documents no later than 1:30 p.m., Friday, October 13, 2023.

Download the RFQ Documents by going to SWACO's website at <https://www.swaco.org/Bids.aspx> Select Professional Services and click on the project name. Register your company name and email address, submit, then click on the RFP document to download. Addendums are sent directly to registered vendors.

Thank you for your interest in SWACO!

Sincerely,

Barbara Colebank, Procurement
